# Victims and Human Trafficking – Victim Advisor Training Manual

### Introduction:

Before digital training resources like the knowledge base and online modules victim advisor training was based on their hardcopy manual.

Beverley Duncan-Hurley the NZ victim advisor refers to the manual in her video interview.

The hard copy of a manual may be better suited to the technology available to some countries and we have requested permission to share this with you and provide a list of the manual topics to give you an indication of the content in the meantime.

Victim advisor training manual index:

01. Introduction to Victim Adviser Role Training
